The inspiration

The inspiration behind my latest collection, *Adorn Me*, was sparked by a scene from *How to Lose a Guy in 10 Days*, specifically the gala at the diamond company, which evoked a sense of opulence and glamour. This led me to envision a collection centered around the idea of being "adorned" in luxury. As I explored different fabrics, I became captivated by the possibilities of intricate beading and embellishments, knowing each piece needed to radiate a sense of "bling" while also making the wearer feel confident, beautiful, and empowered. Through my sketches, I focused on how it would feel to be enveloped in a couture gown that not only dazzles but also elevates the wearer's sense of self-worth.

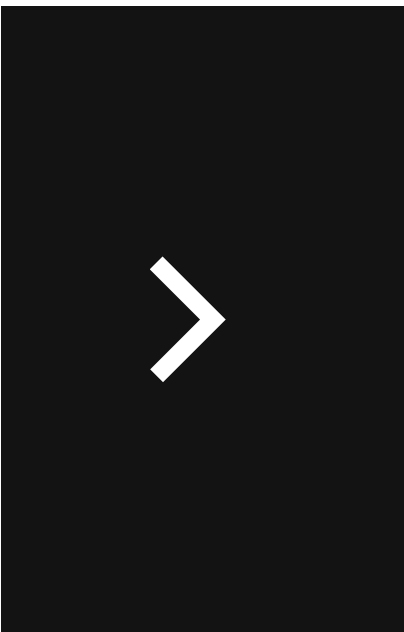

Adorn Me is a celebration of timeless elegance and bold glamour, designed to make every woman feel extraordinary and deserving of luxury.

“Amanda is incredible! She is knowledgeable, caring and incredibly kind and supportive. During our first meeting, her warmth and passion were immediate. In the process of creating a custom wedding gown, I felt cared for, listened to and empowered in my decision-making. She cared how I felt in the dress and in my body, and was able to make some last-minute changes to the dress that made it absolutely perfect. She is accommodating, talented, and an incredible designer and seamstress. Having a one-of-a-kind wedding dress was an amazing experience, I can't thank Amanda enough for everything she's done for me to feel amazing on my wedding day!”
